

## Mortgage Brain enhances second charge sourcing with new Master Brokers

**UK, October 2, 2017:** Mortgage technology and software solutions expert, Mortgage Brain, has enhanced its integrated second charge sourcing capability by expanding the Master Brokers available to networks and companies, which now includes Fluent Money, Norton Finance, Brightstar, Positive Lending, Clever Lending and The Loan Partnership.

Launched in May 2017, the new fully integrated second charge mortgage sourcing functionality gives advisers the option of comparing – side by side – any appropriate first and second charge mortgage product.

The new system, available now on MortgageBrain Classic, has been developed to give advisers within a company or network, the choice and option to pass the lead on to their chosen Master Broker, or advise on second charge products and deal direct with a lender.

Mark Loffhouse, CEO of Mortgage Brain, comments, “The expansion of the range of Master Brokers available on our second charge sourcing system gives networks and companies greater choice and more options when selecting their second charge solution that best suits their business needs.

“By integrating second charge sourcing into our mainstream first charge sourcing systems, we’ve made it as easy as possible for advisers to consider second charge lending when discussing options with their clients. We’ve received excellent feedback from lenders and advisers since launch and its popularity and widespread usage is expected to grow even further.”

**More/...**

Provided at no additional cost, Mortgage Brain's second charge sourcing option is fast, simple and easy to use. Unlike any other sourcing system available, advisors using MortgageBrain Classic can compare any and as many products as they like and select the time period to give the most accurate comparison possible.
