

Mortgage Brain voted Best Technology Provider for the fourth time

UK, March 11, 2015: Mortgage Brain, the industry's most widely used and preferred mortgage technology solutions provider, has been crowned '**Best Technology Provider**' for the fourth time at the 2015 Mortgage Strategy Awards.

The company has been shortlisted for the finals for the past six years and won it four times. The judges said Mortgage Brain excelled in all areas of the criteria set by a panel of high-level industry experts to once again, emerge number one in the 'Best Technology Provider' category.

Mark Loffhouse, CEO of Mortgage Brain, comments, "To be shortlisted as a finalist of this award once is a great achievement in itself; to be shortlisted each year since the award was first introduced – and to win it four times - is absolutely amazing and is a great testament to the continuous hard work, commitment and dedication from our staff and partners.

"We have many more opportunities and challenges facing us in the coming years and with further investment and development of our technology and service offerings planned we're looking to build on our success throughout 2015 and beyond.

"We're thrilled that our continued focus, investment and delivery of market-leading technology solutions has been recognised at this year's Mortgage Strategy Awards and would like to thank all of our customers and partners for their continued support."
