

Tenet Group selects MortgageBrain Anywhere for online sourcing solution

UK, December 10, 2015: Tenet Group, one of the UKs largest adviser support groups, has decided to exclusively provide Mortgage Brain's online sourcing solution to its members.

The network is currently migrating its mortgage advisers from its current provider to Mortgage Brain's innovative and totally online mortgage sourcing system, MortgageBrain Anywhere.

By using the new system, Tenet Group's Directly Authorised and Appointed Representatives will now be able to conduct a thorough, whole-of-market mortgage search and selection process for their clients – wherever they are and on any device.

Optimised for PCs, Laptops, Macs, the iPad and Android tablets, MortgageBrain Anywhere has been designed to be device independent and can be 'driven' by touch or mouse. The system is fast, intuitive and incredibly easy to use and will enable Tenet's advisers to work quickly and efficiently to source and select the best products for their clients.

Gemma Harle, Managing Director of Tenet, comments, "The advances Mortgage Brain has made to its sourcing systems are excellent. MortgageBrain Anywhere is fast and easy to use and the system's product accuracy and online capabilities will greatly enhance the mortgage advice and sales process for our advisers."
